

Service and repairs

To provide customers with perfect and reliable service support for the company KUBÍČEK VHS one of the main priorities. Our specialists are therefore always ready to deal with any customer problems. And not only for our own products, but also even the equipment from any other manufacturer of blowers. We are ready to help at any time.

Standard guarantee period for KUBÍČEK blowers is 24 months. In the case of our contractual customers, this period can be extended up to 36 months. They also receive a number of extra benefits. Contractual customers get special price for services, spare parts, guaranteed price on individually negotiated period and other benefits.
